Experiences

02/2019 - 05/2019 — DevOps internship
Escaux, Wavre, Belgium
During my studies in Belgium, I had the opportunity to do an internship at Escaux, an SME providing a VoIP service. This internship allowed me to gain my first professional experience.

10/2018 - 01/2019 — Technical security audit (Pentest)
Objectis, Industrial Software Experts, Yverdon-les-Bains, Switzerland
As part of a course project, I conducted a Technical Safety Audit (Pentest) within the company. This allowed me to work as an IT Security Engineer in real conditions.

09/2018 - 02/2019 — Volunteering at the Chill Out
Yverdon-les-Bains, Switzerland
Volunteer in a student association whose aim was to provide students with a place to relax, with chairs and refrigerators for drinks.

07/2017 — Student intern at Société Générale Luxembourg (SGTB)
Luxemburg
Programming in VBA in Excel

Languages

French	Mother tongue
English	Level B2
